## Directions

- We are located on part of the Waredaca Equestrian Center, *near* the intersection of MD-97 (Georgia Ave.) and MD-650 (New Hampshire Ave./Damascus Rd.), approximately 6 miles north of Olney.
- From the intersection of MD-97 and MD-650, go west on MD-650 (Damascus Rd.) just over one mile. You will pass Howard Chapel Rd.
- There are several entrances to Waredaca; turn right at the *third* driveway on the right past Howard Chapel Rd.
- At the third driveway, there is a stone wall with the number 4019 on the right-hand side. (There are also several other mailboxes / street numbers at this entrance.) For now, there is a very small Hero Dogs sign at the base of the stone wall.
- Gate will open *slowly* automatically.
- Follow the driveway to the LEFT, all the way until the end, ~1/2 mile back.

### CAUTION!

- The driveway is 0.5 mile long, a single lane wide for most of its length, unimproved, unlit, and shared by all tenants!
- ***There are pedestrians, dogs, children on horseback, and wildlife to be found using the driveway at all times of day and night.***
- **DRIVE SLOWLY AND CAUTIOUSLY AND OBEY THE POSTED SPEED LIMIT (10 MPH)!**

Thank you for your consideration.

- There is another little tiny Hero Dogs sign at the entrance gate.
